

Fig.8(a)

Fig.8(b)

Table 1

Sample	Transmittance in the normal direction (%)	Performance	
		In transmittance	In reflection
C4	4	R=1	R=1
C8	8	R=1.4	R=0.94
C9	7	R=1.3	R=0.9
C10	5	R=1.2	R=0.96
C11	5	R=1.2	R=0.96
C17	3.5	R=0.8	R=1.05
C18	3.5	R=0.8	R=1.05
C19	3	R=0.6	R=1.08
C20	3.5	R=0.8	R=1.05
KS4A	5	R=1.2	R=0.96
KS4I	5	R=1.2	R=0.96

Remark : "R" represents surface brightness ratio of Sample when surface brightness is shown as 100 for transmittance in the normal direction, 4%.

Example : C8 R = surface brightness C8 / surface brightness C4
